WORK EXPERIENCES

Senior Software Engineer

Fandom

Remote | October 2022 - November 2024 | Departure due to company layoff

- Collaborated with multiple teams across Fandom organization to complete months long initiative regarding Metacritic site transition to NuxtJs Framework.
- Assisted in managing our services such as our email service, and in-house NuxtJs Framework.
- Improved indirect ads performance by implementing lazy loads on certain ad units and performing experiments to test different ad placements.

Software Engineer

Red Ventures

Remote | November 2020 - October 2022

- Led frontend development for multiple major initiatives such as our commerce and authentication systems.
- Contributed to modernizing the site by phasing out deprecated frameworks, and transitioning to TypeScript and VueJs.
- Enhanced sites performance by migrating to webpack, and improving core web vitals.

Associate Frontend Developer

CBS Interactive

San Francisco | July 2019 - November 2020

- Developed multiple reusable frontend modules to be used across company-owned sites using Javascript.
- Assisted in developing an improved and structured CSS design system for enhanced functionality.

Front-End Developer Intern

APRL

Los Angeles, CA | April 2019 - July 2019

- Translated design team's mockups into responsive, interactive features, using ReactJs.
- Maintained brand standards under company guidelines.

PERSONAL PROJECTS

[Portfolio Website](#) — 2024

Made with: ReactJs/NextJs, Redux, Javascript/Typescript, ESLint, Tailwind CSS/SASS

An interactive portfolio website that showcases my recent projects, skills, and technical experiences.

[Nook Doku](#) — 2024

Made with: ReactJs/NextJs, Redux, Javascript/Typescript, ESLint, Tailwind CSS/SASS

A trivia-like web application that tests your knowledge about the Animal Crossing intellectual property.

[Boolder](#) — 2023

Made with: Vuejs/Nuxtjs, Pinia, Javascript/Typescript, ESLint, Tailwind CSS/SASS

A web application that allows you to share your builds for Supergiant's game: Hades.
